A vibrant, high-angle photograph of a coastal town built on a steep hillside. The buildings are multi-story, with white walls and red accents, and are densely packed. The town overlooks a bright blue sea under a sky with scattered white clouds. In the foreground, there are lush green trees and a concrete structure with a red roof. A crane is visible on the left side of the hill.

# Getting Started

How will you  
get there?

Where will you stay?

You're here! Now what?

# Be The Travel Agent

Alice would like to take her mom to Paris in February for her 70th birthday. Her mom would like to see the big sites like the Eiffel Tower & Notre Dame but Alice is interested in learning more about the local culture, maybe taking a cooking class! She wants to save on travel and accommodations (but stay in safe neighborhoods) so they can spend more on activities.

Let's plan a trip!
